"GINGER" AND HER VIOLIN
Featured with Steve Gibson's Red Caps

Hi! Florence:

Just a line to let you know I'm thinking of you and let you know that Auntie sends me your column nearly every week, which I enjoy so much. So happy to read of all the kids doing so well at home. We're living in Wildwood, N. J. and girl, I'm really seeing the country but there's no place as great as L. A. to me. Guess I'm just a home girl. Give my best to Paul, Morehead, Mr. Davis, the Chapter and L. A. in General as I miss all of you. Hope to be home one of these days.

Always
